[Acrobat-check-20150930.png](#)

Hi Mark,

I checked the document and did not find any accessibility problems with it. I'm attaching a screen capture of what I found when I ran a full accessibility check using Adobe Acrobat X.

Thank you,  
Karen

Subject: FW: 508 Compliant Question

Karen,

We are trying to make the attached document 508 compliant to post on the web. I have a copy of adobe pro and did a quick check and I have one issue. Can you take a look at this document and see if it is compliant? If not do you have any suggestions to make it compliant. Unfortunately we need to get this online today.

Any help you could provide would be greatly appreciated.

Thanks

-Mark
